WMPO RADIO MID-POM, INC.

POMEROY, MIDDLEPORT, OHIO

Mar. 9,1962

Dear DX'er:

This letter is to verify your reception of WMPO's special equipment test on the morning of March 5,1962 between 4-5 A.M.

Excuse the form letter, but the vast number of reception reports from all over the country makes it impossible to personally answer each letter.

WMPO was pleased that so many members of the National Radio Club were able to hear our signal. We, to date, have received the vast majority of letters from Eastern United States. We have heard from Alabama and as far west as San Diego,California, and from Point Claire, Canada.

WMPO has pending before the Federal Communications Commission an application for power increase to 5 Kilowatts. If and when we are granted the increase, we would like very much to conduct another such test. It's been a real pleasure to hear from so many DX'ers.

Thank you all for your kind letters.

Sincerely,

WMPO,RADIO MID-POM,INC.
WILLIAM C. MILLER,
